ELECTION ORDERED TO VOTE ON THE HOSPITAL QUESTION

Commissioners Act Favorably on
Petition Today and Fix March
25 as Date

COUNCIL WILL APPROPRIATE

Included in Appropriations Passed
on First Reading is One For
\$2,000 For Expenses

ALSO ANOTHER FOR \$10,000

If Passed on Final Reading Tomorrow,
Will be Used to Decorate
Court House Interior

The county council today passed appropriations amounting to \$22,790.05 on first reading, including one for \$2,000 to pay the expenses of a special election to vote on the county hospital question, and the election was ordered by the county commissioners for Tuesday, March 25.

The commissioners and council were both in special session today, the commissioners meeting for the purpose of placing their estimate for deficiency and miscellaneous appropriations before the council. While the council was in session, the petition for a county hospital, which has been on file since last summer, was formally presented to the commissioners, and they unanimously approved it. The board then asked for an appropriation for an election, which was granted by the council, and the date was set.

None of the appropriations passed today, which included one of \$10,000 for redecorating the interior of the court house, will be valid and available for use until the council returns tomorrow and legally passes them. This is for the reason that the law provides that county councils shall not appropriate more than \$15,000 in any one day.

Included in the appropriations passed today was one for \$640.67 for the county agricultural agent. At the regular meeting of the council last September, the members unanimously refused to make an appropriation for this work for the year 1919, but it is understood that they sanctioned the item in the appropriation ordinance today because they believe the law makes it mandatory to appropriate funds for a part of the expenses of the county agent after a petition has been duly presented with the required number of signatures, which was done here before Marion Detrick was appointed last year.

Among the estimates presented to the council was one for \$1,800 to install a lighting plant at the county poor farm. This appropriation will not be included in the ordinance tomorrow, however, because the council decided it would be the best policy to await the outcome of the special election on the hospital question. If the people of the county approve the plan to build a hospital, the councilmen reasoned, one lighting system could be made to do the work of two at a much less expense.

Since the hospital, if it is ordered, will be built on the old Rush county fair grounds, which were bought by the county commissioners last September, the lighting system for the hospital can supply light for the poor farm buildings because they adjoin the proposed hospital site.

If the people vote favorably on the hospital proposition, it will not be long until construction can be started, with the progress which has already been made. It is the understanding that the state law provides the commissioners shall appoint four trustees, two of whom may be women, to be equally divided politically, who will supervise the construction and management of the hospital.

The commissioners appointed Will

McMillin, county auditor, and Donald Smith and Vern Norris election commissioners for the special election.

The grand jury for the November term of the circuit court made its report to the commissioners today on the condition of the county buildings. The report repeated, as reports in the past often have, that the county poor farm building is unsanitary and unfit place to house the county's poor, and that a new building should be erected.

"In our opinion a new building should be erected because this building is not worth remodeling in manner that would make it more habitable," stated the report.

The grand jury also declared that the superintendent was a capable and efficient man for the place and is doing the best possible under the existing conditions.

The grand jury also found that the county jail was in good condition and that the court house was in good shape and was being kept clean.

The passing of the appropriation for \$10,000 to redecorate the interior—

CONSERVATIVES CONTROL

Coalition Must be Formed in German
Assembly.. However

(By United Press.)

Copenhagen, Jan. 22.—The conservative element will control the German national assembly if a coalition can be effected among the three parties constituting that faction, it was indicated by the last available returns from the election today.

While the majority socialists apparently will dominate any single party in the national assembly, they will be out-voted by the combination of conservative delegates. The only candidate who apparently will try to replace Chancellor Ebert is Matthias Erzberger, chairman of the German armistice commission.

American Commission Says Good
Judgement Will Prevent Tidal
Wave of Restless Humanity.

SOLDIERS ARE LAND HUNGRY

(By United Press.)

Paris, Jan. 22.—"A tidal wave of restless humanity will sweep across the world like the invasion of Huns and Goths in the Middle Ages unless the peace congress will use foresight in handling the vital problems of emigration and economic, industrial and social life. Calamity can be avoided only by satisfying the people's land hunger and elevate their social status." This was the view expressed by the American commission which has been investigating conditions in European countries.

"The world is restless," stated Frederic C. Howe, commissioner of immigration for the port of New York. He just returned to Paris from southern Germany where he accompanied a French mission. The views of his associates who visited other parts of Europe, coincided with his.

"The soldiers of Great Britain, France, Italy, Scandinavia, Germany, Austria and the Balkans are thinking in terms of land," said Howe. "A way must be found to satisfy this land hunger and because the people are impoverished and their necessity urgent, it must be land of immediate production, not land requiring a generation to develop."

NO REPLY FROM THE BRITISH

Sinn Fein Challenge of Irish Independence is Not Answered

(By United Press.)

Dublin, Jan. 22.—The British government today had not answered the Sinn Fein challenge of Irish independence issued at yesterday's meeting of the "Irish parliament." A workmen situation presented by imperial authorities continued silent regarding an act that in the eyes of British law constituted a much flagrant form of sedition.

Ireland stood before the world today as a republic on paper. It only elected representatives and exercised its right of self determination to the fullest extent. It had every selected delegate to represent it at the peace congress as a separate entity.

NEW RATES EFFECTIVE ON INTERSTATE CALLS

Old Phone Charges Still in Effect in
Intrastate Business, However,
Message Says.

INSTRUCTIONS ARE RECEIVED

George Davis, manager of the Rushville Co-operative Telephone company, is in receipt of instructions from the government telephone and telegraph administration not to attempt to enforce the new toll rates which became effective Tuesday morning, on account of the injunction issued by Federal Judge Anderson, but that the new charges are effective on all interstate calls.

Yesterday a telegram informed him that the new schedule should not become effective and today a supplementary message was received, calling attention to the fact that the new rates should be charged on interstate calls. He was also asked to notify all phone companies in the county, in the following telegram.

Relative to the question as to the effect of the injunction on interstate rates, Postmaster general instructs the order 2,495 is to be put into effect immediately insofar as interstate rates are concerned, but suspended in compliance with the court order as intrastate rates are concerned. Advise every independent telephone company in your county of this action by phone. Write to me giving name and mailing address of each company notified.

HEADS OF FRATERNAL ORDERS ARE INVITED

Are Given Personal Invitation to
Attend Community Meeting Sunday
Afternoon.

CAPT. C. K. MORSE TO SPEAK

The heads of all fraternal orders in the city have been invited to attend the community meeting next Sunday afternoon at two-thirty o'clock at the Main Street Christian church, in teh interest of the Armenian and Syrian relief campaign. The invitation has been extended personally by the Rev. L. E. Brown, Rushville township chairman, to representatives of all fraternal bodies, and they will notify him whether or not they will attend in a body. If they elect to attend the service this way, a section in the church will be reserved for them.

The address will be delivered by Captain C. K. Morse, who saw more than two years of active service overseas with the Canadians. He has made a special study of the problems of the Near East and comes recommended as an authority on the subject. He is experienced as a lecturer and gifted as a speaker, so that a very entertaining and instructive address is expected.

DANCE IS CLIMAX TO SPLENDID DAY

More People Than Could be Accommodated Jam Their Way Into The
Court House

MANY ARE UNABLE TO GET IN

Soldiers Are Welcomed Back Home
And Responses Are Made at
Afternoon Meeting

The military dance in the court house last night served as a fitting climax to the splendid day which the people of Rush county arranged for the entertainment of returned soldiers, sailors and marines.

The popularity of the dance was demonstrated by the immense crowd which jammed its way into the court house. The masses of people who crowded their way on to every one of the three floors of the court house early in the evening, made it next to impossible to dance. And there were hundreds who could not get inside the court house.

Later in the evening as the spectators gradually left, the dancers enjoyed the excellent music which was provided by two orchestras. The orchestra from the 139th Field Artillery, which played on the first floor, proved the most popular. A soloist with the orchestra, as well as the orchestra itself, was frequently encoered.

The offices of the court house were thrown open and everything was done for the convenience of the guests. Gallons upon gallons of punch were served on each floor from a seemingly inexhaustible supply. The decorations added to the gaiety of the occasion. Every corridor of the court house was beautifully adorned with flags and bunting, baskets of flowers and with scores of potted plants.

It was estimated that approximately three hundred couples enjoyed the dancing, and they were far outnumbered by the spectators, which gives some idea of the large crowd.

Close to two hundred soldiers accepted the invitation to return to the Social club last night for supper, and even then the food which was contributed for dinner was not all eaten. There seemed to be an endless amount of things to eat.

The program opened at the church yesterday afternoon with the Indianapolis News Newsboys band playing several patriotic selections and the audience joining when "America" was played. A. L. Gary acted as chairman, telling the boys how glad the people were to welcome them back and that they were welcomed back with more pleasure than they were sent away. Mr. Gary introduced Judge W. L. Sparks and who said: "Boys I feel embarrassed to speak to a group of men such as you are, for, the average everyday person when talking to a soldier feels like a thirty cent piece with a hole punched in it."

In his talk he stated that ninety-eight percent of the people at home

600 Plates Are Served
At Social Club by Women
One hundred children from the Havens school building enjoyed a sumptuous meal at noon today off food which was left over from the donations made for the soldiers' dinner yesterday. The women in charge had so much remaining after feeding the soldiers for both dinner and supper yesterday, that they did not know what to do with it. The result was that the children were invited to the Social club today for dinner. It was conservatively estimated that 600 plates were served in the three meals.

HOUSE OPPOSES DRY AMENDMENT

Goes on Record Against Measure
Which Would Make Prohibition Law More Drastic

TWO EQUAL SUFFRAGE BILLS

Both Would Amend Constitution
And One Provides Literacy
Test For All Voters

(By United Press.)

Indianapolis, Ind., Jan. 22.—The lower house of legislature today went on record against the amendment to the prohibition law to make the measure more drastic when it refused to accept the report of the committee on public morals, recommending passage of the Wright bill.

After a short fight the house voted 43 to 41 to send the bill back to the committee. The measure may now be amended or another bill substituted.

The amendment to the bill providing for appointment of the attorney general was introduced in the house by Representative Phelps.

A sharp fight started when senate committee on rules recommended the Beardsley resolution providing for printing of all bills introduced, be rejected. The report of the committee was finally adopted.

Senator Van Auker introduced a constitutional amendment providing for a literacy test of a qualification for voters and also providing that every voter must present his poll tax receipt. The literacy test provides that no person shall be allowed to vote unless they can read English. Van Auker's proposed amendment also gives women equal right of voting.

Senator Beardsley introduced a constitutional amendment providing for equal suffrage for women. Senator Maier introduced a resolution providing for a commission to make a survey of swamps with the view of reclaiming them.

WAR COUNCIL TO SEND A MISSION TO POLAND

That Limited Number of Russian
Delegates Will Attend Conference Seems Certain

IS STILL UNDER DISCUSSION

(By United Press.)

Paris, Jan. 22.—The supreme war council has decided to send a mission to Poland representing the United States, Great Britain, France and Italy, it was announced today. President Wilson's proposal for settlement of Russian problems will be discussed this afternoon.

That a limited number of representatives of the Russian-Soviet government will attend peace congress seems certain today. It was learned that an agreement had been formed by the supreme war council in this regard. The British delegates said to have taken this lead were impressed by this solution of the difficulty and the importance of the Russian question.

HOUSE WILL NOT WITHDRAW

Paris, Jan. 22.—A report that William Howard Taft or Elihu Root would succeed President Wilson or Col. House on American peace delegation, is absolutely without foundation, declared by those close to the president today.

House has no intentions of withdrawing. His health is much improved. Despite the fact that he spends most of his time within his room, he is in daily conference with various delegates.

RECEPTION FOR SOLDIERS TONIGHT

Event Arranged For United Presbyterian Church Tonight Following Services

REV. J. S. HILL SPEAKS AGAIN

Says Some Are Deluded Into Belief
They Are Christians Because
They Belong to Church

A reception to returned soldiers whose names are on the honor roll of the First United Presbyterian church, will be held in the church tonight immediately following the evangelistic service which begins at 7:30 o'clock. Not only the boys who have returned, together with their families, but likewise the families and friends of those who are still in the service, are invited to attend.

There was a splendid interest in the evangelistic meeting again last night when the Rev. James S. Hill of Richmond, who is conducting the revival, took for the basis of his sermon Christ's question to Peter, "Lovest thou me?" The minister pointed out that it was asked three times and hence it was a question worthy of study.

"The question," said the Rev. Mr. Hill, implies that Jesus takes special pleasure in this people's profession of love for Him. It is a heart-gladdening truth that He who died for our sins takes great delight in our love. His happiness on His heavenly throne is not complete without it. The love of the pardoned sinner for his Saviour is such as no angel ever experienced. Christ comes now with His pierced hands and riven side, and asks Peter whether or not he loves Him. The question is an all-important one, for love is not a mere ornament, nor is it a special gift—it is the very life and soul of Christianity. Peter the most zealous and warm-hearted of the apostles, the one who drew his sword in the Master's defence, is singled out by Christ, and questioned publicly as to whether or not he loved Him. When Christ brings a sinner to His feet the first thing He asks him for is his heart, and the first thing He takes is his love. We sometimes delude ourselves that because our names are on the church roll and that we attend the church services, we are Christians. But it is not where our names are found, but where our affections are centered that determines whether or not we are Christians.

"The answer of Peter to this question was: 'Thou knowest all things, Thou knowest I love Thee.' This answer teaches us that we love Christ when we are sorry for our sins. Peter was grieved when Jesus said the third time, 'Lovest Thou Me?' The three-repeated question, it is believed, reminded Peter of his three-fold denial of Christ, and when he thought of that he was vexed.

"We love Christ when we want to be in His presence, Peter wrapped this fisher's coat about him and cast himself into the seas, and made his way with all possible speed to the shore to fall down at the feet of his Lord and Master. He left his boats and nets and everything to be in the presence of his Master.

"We say that we love Christ, yet we are often absent from His house, where His name is honored and praised. We allow trifles to keep us from meeting with Him. If we gave to our friends such loyalty as we give to Christ they would spurn us with contempt. We must remember that that will not pass as love with Christ which would not pass as friendship among men."

Washington, Jan. 22.—Henry Ford's famous peace expedition in the fall of 1915 was inspired by German pacifist interests, Archibald Stevenson today told the senate committee probing Hun propaganda.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.
If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?
Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.
Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

No Matter How Obstinate or How Contracted — Cured
When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. The officers for the next year were elected as follows: President, Orville Brooks; vice-president, John Bobboon; secretary, H. A. Atkins; treasurer, W. W. Webster; program committee, Mrs. Iva Atkins, Mrs. Sadie Newhouse, Mrs. Virgil Mc Bride, Mr. Wayne Adams and Mr. Earl Wright.

The second series of these institutes is being held at Carthage today, with Mrs. Hortense Moore and W. T. Martindale as speakers.

FORMER KING OFF LISBON

Advices Say he is Proclaimed Ruler of Portugal.

(By United Press)

Madrid, Jan. 22.—Former King Manuel of Portugal has arrived off Lisbon aboard a ship of unknown nationality, according to unconfirmed reports received here today.

Premier Barbosa, who became head of the government following the assassination of the president, was reported to have been arrested. He was released after signing an agreement to adhere to the monarchy. Advices said that Manuel had been proclaimed king at Lisbon. A new cabinet had been formed and royal ministers had occupied official offices.

SHORT COUNCIL MEETING.

The city council dispensed with all but routine business last night, on account of the reception to soldiers, and adjourned in a very few minutes. The claims were allowed, which constituted most of the business of the meeting.

Energy

THE WORK OF THE KIDNEYS is to filter and cast out waste products and poisons from the blood stream. When the kidneys are overworked, weak or diseased, the waste matter remains in the system and causes pains in side or back, rheumatism, lumbago, stiffness of joints, sore muscles and other symptoms.

When a person's kidneys are out of order, there is lack of energy, force, vigor, zeal and general effectiveness. Kidneys and bladder must properly function for anyone to enjoy good health.

Foley Kidney Pills

are prompt in action and tonic in their healing and soothing effect on weak, sore, overworked, diseased kidneys and bladder.

Mrs. Mary Henderson, Mt. Carmel, S. C., writes: "Before I used Foley Kidney Pills I was troubled with kidney trouble and my left side hurt me so I could hardly get up in the morning. Pain is all gone now and am feeling fine."

SENATOR WATSON ELATED OVER VOTE

Shall Gladly Vote to Make Nation
Wide Prohibition Effective, he
States.

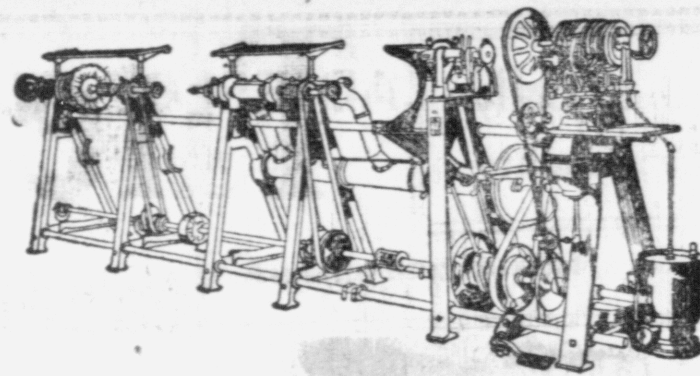

Washington, Jan. 22.—Senator James E. Watson expressed his satisfaction that the doom of the open saloon throughout the nation is assured. He looks on the adoption of national prohibition as a good thing for the country and the people. He will vote for any further legislation required to make national prohibition effective.

Opposition of the brewery and saloon contributed largely to Mr. Watson's defeat for Governor of Indiana in 1908. But less than ten years later, Mr. Watson, as a member of the United States Senate, was given the opportunity to vote for the abolition of the liquor business, which was ever trying to control the politics of the country, and he, together with Senator New, voted a year ago to submit the Federal amendment to the states. The states now have accepted that amendment.

"I shall gladly vote for the legislation necessary to make national prohibition effective," Senator Watson said. "The passing of the open saloon, a breeder of everything bad, is a good thing for the country. I am glad that the saloon is to go. The people through their legislatures, have spoken in a most decisive manner. That the required number of states had voted for prohibition before a single state is truly remarkable and gives emphasis to the bad-repute into which the saloon had fallen."

STATE GROCERS MEET.

NO! All Spreaders Are Not Alike

There is more difference between manure spreaders than there is between men. All men are more or less alike unless they have lost an arm or a leg. I do not claim the RUSHVILLE SPECIAL spreader is the only good spreader made (although I believe it), but I do claim that it is so much better than the best of any other make that you cannot afford to buy anything else.

How about that patented "BULL DOG" double beater wheel that you can't possibly clog or stick? Just think of this the next time you see a neighbor with a pitchfork loosening up a stubborn load in the field. How about that "NO CHOCK" Box that can't be clogged and never yet was stuck on any kind of material? You fellows who have been through this and had the experience with other machines, just tell your neighbors what you think.

Did you ever stop to think that there was a reason for using the expensive hitch that is put on the Litchfield Spreaders, so that your three horses walk squarely in front of the machine, and the pole is put where it is convenient for guiding it? If the old fashioned center pole was as good wouldn't it be very foolish for the Litchfield Mfg. Co., who manufacture this machine for me, to spend unnecessary money in building this modern hitch?

If I had time in this ad I could tell you many more interesting features about the RUSHVILLE SPECIAL Spreader. The next time you are in Rushville, call at my place of business and the machine will be thoroughly explained to you.

DAILY HEALTH TALKS

The Best Way to Treat Constipation

BY S. C. BABCOCK, M. D.

The medical books name many drugs that will move the bowels. The drug store shelves are loaded down with laxatives, purgatives and pills. The trouble with most of them is the after-effects. Constipated people know that pills work at right for a little while, but they soon lose their effect, and a change has to be made to something else. The constant taking of pills results in a form of bowel inactivity that is difficult to cure. The system becomes so accustomed to laxative drug that the organs just won't work without them, and so the pill habit becomes as bad as constipation itself. Dr. Pierce, of Buffalo, N. Y., seems to me to have the right idea. He says the bowels should first be gently moved with Pierce's Pleasant Pellets, and in the meantime laxative foods only should be eaten. Figs, prunes, olive oil, spinach, bran, vegetables and fruits are fine for constipation. Chew every bite thoroughly, eat little meat, and be as active as possible. Now, doesn't that seem sensible? Pleasant Pellets will start the bowels working right; then it is up to you to keep them right by right eating. Try Pleasant Pellets for sick headache, coated tongue, biliousness, dizziness, torpid liver or to break up a cold. They are just fine!

Dr. Pierce's Anodyne Pile Ointment soothes, cools and heals piles in a most gratifying way. Perhaps there is no other remedy for this torturing trouble that relieves so surely and quickly. Dr. Pierce believes Anodyne Pile Ointment will overcome any case that can be overcome by medical treatment. Try it right now.

Dr. Pierce's Anuric Tablets are intended for people who suffer from kidney disorders—whose backs ache, and whose systems are overrun with uric acid. Nearly everybody has too much uric acid. Anuric Tablets dissolve uric acid quickly as they are made double strength.

In addition to Mrs. Taylor, she is survived by one other daughter, Mrs. Jacob Daubenspeck of White Bird, Idaho; three sons, Alexander C., of Cambridge City, and Andrew R. and James S., of Mays; and one sister, Mrs. E. P. Lynn of New London, Idaho.

Why Druggists Recommend Swamp Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican.—(Adv.)

A Great Day

The people of Rush county, separately and collectively, are to be congratulated for the splendid way in which they made returning soldiers welcome in Rushville yesterday. By word and deed they made

the boys, who were willing to sacrifice everything for their country, know that their deeds were not unappreciated and that they should not be allowed to go unrewarded.

With a unanimity of spirit seldom if ever demonstrated here, the people from all parts of the county worked tirelessly and harmoniously to make the day one which the soldiers will not soon forget. A splendid spirit was manifested in the preparations for the event and during the day when an endless amount of work was required to carry out the program. The welcome extended to the boys in Uncle Sam's uniform was as whole-hearted as it could possibly be—no more than which could any man ask.

Too much credit can not be given to the scores of women of Rush county, representing the Red Cross and War Mothers, who prepared the sumptuous repast which was served for the noon and evening meal. It did not seem possible that there was so much food in Rush county. It literally came in from all directions. Women who were not solicited by the committee donated their share, with the result that there was much more than could be eaten at two meals.

It was a great day in Rush county

No Need of Unemployment

If the country suffers this year from unemployment and resulting dull times, it will be the country's fault. There is no need of unemployment and dull times.

Not to mention all the efforts that are being made, or that might be made, to employ soldiers and war workers in normal industries, there is one field which can absorb all the unemployed labor likely to be available this year. It is the American farm.

Farms always need workers. They are going to need more workers than ever from now on. The winter wheat sown last fall is estimated at 16 per cent more than the previous year. The outlook is for a bigger wheat crop than ever. It takes three or four men to reap what one man has planted.

Other crops will correspond in magnitude, if the farmers can get the man-power, for they realize the world-wide need of food and will do their best to meet the call as they have tried to meet it during the war period.

There is plenty of soil. There is plenty of seed. There is probably enough fertilizer. There is enough machinery. The thing needed is men. All who can possibly be provided for farm work can be used to advantage, and all the food they produce can find a market.

It is up to the federal, state and city governments to do more than ever before to bring the man and the land together, and it is up to all other possible agencies, public or private, to co-operate in the work. If it is well done, the adversity feared will be turned into abundant prosperity.

The greatest bore to a deceitful woman is the man who can look a hole through her.

The etiquette books inform us that a young man making an evening call upon a young woman should terminate the call at half past ten. Why is it that some men (even unusually bright ones) should find it so exceedingly difficult to memorize this social regulation?

The man who swore off smoking on New Year's has by this time extricated his dear old pipe from the scrap heap to which in the first fine frenzy of resolution he consigned it.

Any of the returning officers will be received with delight except General Unemployment. We trust he will be assigned to visit Germany with the Army of Occupation.

Everything has its compensations. The kaiser's ear trouble will perhaps prevent his hearing the news from Germany.

MOVING PICTURE BILL TAKEN UP

Goodrich Vetoes Measure in 1917 Because it Did Not Prohibit Opening Before 2 P M Sunday

PREVIOUSLY REPORTED DID

Senator McCray Explained That When Bill Left Conference it Did Include Provision

(By United Press.)

Indianapolis, Ind., Jan. 22.—The bill which would legalize Sunday moving picture shows, which was vetoed by Gov. Goodrich at the close of the 1917 session of the legislature, was taken up by the senate this afternoon as a special order of business.

In his explanation of the cause for vetoing the measure, Gov. Goodrich stated that when the bill was sent out of the conference committee of the house and senate, it was his understanding that it contained a provision which prohibited the holding of Sunday moving picture shows before two o'clock in the afternoon, but when he received the bill, it did not include this restrictive feature and therefore he vetoed the measure.

Senator Franklin McCray of Indianapolis who was a member of the conference committee which had the bill in charge two years ago, explained to the members of the senate that when the bill left the conference committee it did include a provision for censorship of films to be exhibited in Indiana, on Sunday and that it also prohibited the opening of theatres before 2 p. m., as set forth by the governor in his letter of transmittal.

Lieut. Gov. Bush stated for the information of the members of the senate that although the senate could not amend the bill which was vetoed by the governor, it could either pass the bill over his veto or reject the bill and later act on a similar measure which would carry the provision demanded by the executive.

Strong influence is being brought to bear on the legislators by church organizations to refuse to permit Sunday movies and it will result in one of the fights of the session, according to indications.

PLANS MILITARY SERVICE

Christian Sunday School to Honor Soldiers Sunday Morning

A special military men's service will occupy the hour at the Main Street Christian Bible school next Sunday morning beginning at 9:15. At this service all the returned soldiers, sailors, marines, and all men in any way connected with the late conflict, will be the guests of the school. All those men, who are identified with some other school, are cordially invited and urged to be present and enjoy the splendid program prepared for their benefit. The general public is asked to join in this, another welcome to the returning boys, and do them the honor that they so rightly deserve. The workers are exerting every effort to make this an inspiring service to all. At the morning preaching hour, the pastor's subject will be, "The Flag We Lost."

Home Fires Burning," the boys joining in on the last chorus.

A response from the boys was asked for and Thomas Saunders, a marine of this city, told a few of his many experiences, which was enjoyed by all. Captain Lowell Green thanked the ladies for the fine dinner served to them and also all who had had any part in the reception. Sergeant Mike McCoy thanked all for the royal welcome and recalled a year ago when the boys entrained saying that there were about 4,000 women at the train to see the boys leave and recalled what a time he had trying to get the boys started.

The boys then sang "Over There" and L. E. Brown gave a talk appealing to the citizens of Rush county to help in the future Syrian relief campaign. The song "The Battle Hymn of the Republic" was sung and the benediction was given by the Rev. Daniel Ryan, of Carthage, formerly a chaplain in the Civil war.

CARTHAGE WILL HOLD RATIFICATION RALLY

Will Celebrate Amending of Constitution Which Will Make United States Dry in 1920

TO BE AT FRIENDS CHURCH

Sunday at 2:45 p. m. Carthage and community will gather in the Friends church for a rousing ratification rally for the ratification of the national amendment for National Prohibition, which is now assured by perhaps January 16, 1920. Frank E. Wright, representative of Randolph county, author of the state wide prohibition bill in the house two years ago, and Dr. E. S. Shumaker, superintendent of Indiana Anti-saloon League, will be the speakers for the occasion.

As it is now a foregone conclusion that the United States will be dry by national amendment in 1920, the Church Federation of Carthage takes this opportunity of giving Carthage a chance to give a community expression of thankfulness to the cause to which it has been a faithful unit so long. With the strong speakers for the occasion, and a special program of music, a rousing rally is anticipated.

did their duty, and that the American people didn't have any use for the other two percent who didn't.

"Boys this is a happy day for all the people of Rush county," he continued. "We can't tell you how welcome you really are for words cannot express it. We were heart broken a year ago when you boys left us to go to the training camp. We felt that some, perhaps many of you, could not come back to us and now that you have played your part and are back, our hearts overflow with thankfulness. Last year was an awful year for Rush county. Hearts were broken when the boys left and not only the hearts of the immediate family but the hearts of all of us were touched as we saw some mother or some father walk up

and read the telegrams and see a big tear steal down their cheeks. They had a boy over there and we who didn't have a boy to give felt as if that was our boy as much as it was theirs.

"We were glad to do without necessities that you boys might be fed and we saved all we could. Rush county has a few things to be proud of. She raised \$62,000 for the Red Cross and \$44,000 for the various organizations. It was our duty. We did not give it as charity but each felt it his duty and gave all he could. We did all of this gladly and boys, we were just ready and willing to do this forever if it would help you boys come back.

"The women of this county have done wonders, working every day to supply you boys through the Red Cross with necessities. You boys belong to us and we belong to you, this is your town, your county make yourself at home."

Judge Sparks also spoke in honor of the boys who had "gone west" and said that we should not forget them although they could not return to us.

Chairman A. L. Gary then praised the boys for being from Indiana, and Mrs. Lucia Beher sang "Indiana," the boys joining in on the chorus.

The Rev. M. W. Lyons gave a short talk, recalling a year ago last August and comparing the people's feeling now with those of that time. He spoke of the mothers when bidding their boys goodbye, fearing that he would come back maimed and injured physically but down deep in their heart they feared most the boy's moral welfare. Now since the boy has come back so much stronger in every way," he said, "we cannot help but praise the various organizations for their work in keeping up the morale of the forces. In closing he said, "Boys we are glad to have you back and may God have you in His keeping."

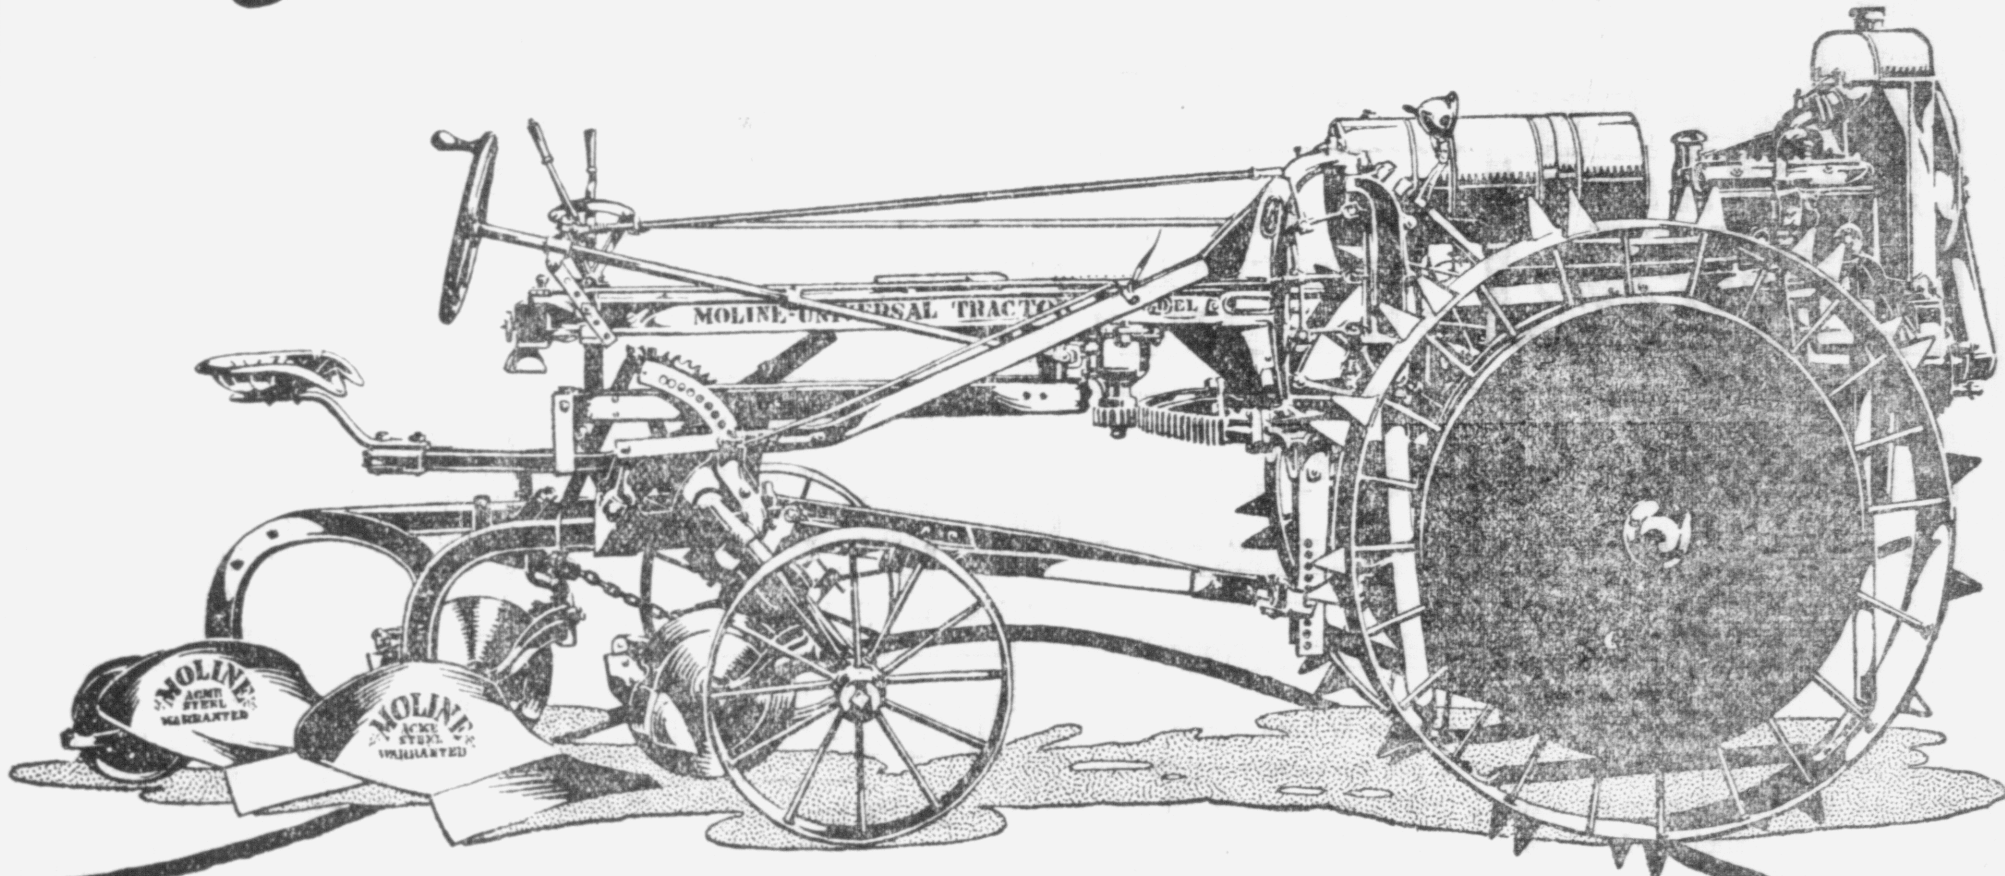

E. B. Thomas said: "I am happy to have the privilege of representing the good women of this county as Red Cross workers. They have done all that was in their power to make your stay as enjoyable as possible. They had the same qualities as you boys. They were willing to give their all and did give their all, in the way of service. They did it in the way of duty and they deserve all the praise that can be given them."

Chairman Gary then encouraged community singing and entertained hopes of having it continued.

Adjutant General Harry B. Smith gave a short talk, saying, "I feel well repaid today just to see the glad hand of welcome extended to you boys, and boys I hope you feel that you have come back to the best county in the best state, the best state in the United States, and the United States is the best place in the whole world."

B. F. Miller then sang "Keep the

WEAKNESS REMAINS LONG AFTER

Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate, Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Olearin Capicum, Kolo.

OAKLAND

Year after year an overwhelming majority of motorists have chosen the full-tonneau passenger car for its many practical features. It is the selection of most homes where automobiles are used. It affords the amount of room required by a large majority of families, and in its main characteristics measures to the popular idea of a car for constant service.

The high-speed overhead-valve Oakland Sensible Six engine delivers 44 full horsepower at 2600 r. p. m., or one horsepower to every 48 pounds of car weight in the Touring model. Oakland owners regularly report gasoline returns of from 18 to 25 miles per gallon and from 8000 to 12,000 miles on tires.

Amusements

"The Burden of Proof," Marion Davies' second select picture, in which she is directed by Julius Stegar, will be shown at the Princess theatre tonight for the first time in this city. The story has to do with the plotting of a secret service employee, whose work for a moment threatens to disrupt the love of a newly married couple. Marion Davies is the young married girl and her husband is Robert Ames, whose uncle is a member of the United States cabinet.

Miss Davies plays the part of Elaine Brooks, who, with her mother is prominent in Newport society circles. Before Elaine becomes Ames' wife, a Mrs. Durand, the German secret service agent, tries to gain Ames' love for herself. Charles Kemp, the publisher of a society journal in Washington, who is also a member of the German secret service, has information that Ames is about to be sent abroad with important papers. He enlists Mrs. Durand in the attempt to secure them, and as her first step in the matter, Mrs. Durand has Kemp pay Elaine's mother liberally for society news for Kemp's paper. Matters get badly mixed but finally they are straightened out and the story ends with a happy honeymoon for the newlyweds.

Thursday and Friday Douglas Fairbanks will be shown in "He Comes Up Smiling."

Tonight at the Mystic Virginia Hammond and Ernest Maupain will be seen in "The Discard." Thursday Fritzi Brunette will be here in "The Velvet Hand" and Friday a Universal special will be shown featuring Harry Carey in "Three Mounted Men."

Virginia Hammond, who plays the feminine lead in Essanay's five-act drama, "The Discard," likes dancing. She frequently attends social functions in Chicago given by the many friends she made there while on the stage as leading woman for E. H. Sothern. In her new photoplay Miss Hammond is seen with Ernest Maupain and Harry Beaumont. She has the part of the woman accomplice of an international swindler who finds one of her victims to be the husband of her daughter. Beaumont and Maupain are exceptionally well cast in their parts.

UNCLE SAM AS LAUNDERER

More Than 12,310,000 Pieces, Without Loss.

Washington, Jan. 22.—Uncle Sam is shown as the biggest laundry man in the world in a report just issued by the War Department. In November he laundered more than 12,310,000 pieces of clothing, with receipts and credits for the work totaling \$584,448.30.

The total operation expense, including the military pay roll and the cost of soap, was \$323,161.04, leaving a profit of \$261,287.36. The best part of the showing, however, was the fact that the Secretary of War Baker, who is in final charge of the laundering operations, didn't receive a single claim for lost shirts or damaged collars.

ELECTION ORDERED TO VOTE ON THE HOSPITAL QUESTION

**Commissioners Act Favorably on
Petition Today and Fix March
25 as Date**

COUNCIL WILL APPROPRIATE

**Included in Appropriations Passed
on First Reading is One For
\$2,000 For Expenses**

ALSO ANOTHER FOR \$10,000

**If Passed on Final Reading Tomorrow,
Will be Used to Decorate
Court House Interior**

The county council today passed appropriations amounting to \$22,790.05 on first reading, including one for \$2,000 to pay the expenses of a special election to vote on the county hospital question, and the election was ordered by the county commissioners for Tuesday, March 25.

The commissioners and council were both in special session today; the commissioners meeting for the purpose of placing their estimates for deficiency and miscellaneous appropriations before the council. While the council was in session, the petition for a county hospital, which has been on file since last summer, was formally presented to the commissioners and they unanimously approved it. The board then asked for an appropriation for an election, which was granted by the council, and the date was set.

None of the appropriations passed today, which included one of \$10,000 for redecorating the interior of the court house, will be valid and available for use until the council returns tomorrow and legally passes them. This is for the reason that the law provides that county councils shall not appropriate more than \$15,000 in any one day.

Included in the appropriations passed today was one for \$840.05 for the county agricultural agent. At the regular meeting of the council last September, the members unanimously refused to make an appropriation for this work for the year 1919, but it is understood that they sanctioned the item in the appropriation ordinance today because they believe the law makes it mandatory to appropriate funds for a part of the expenses of the county agent after a petition has been duly presented with the required number of signatures, which was done here before Marion Detrick was appointed last year.

Among the estimates presented to the council was one for \$1,800 to install a lighting plant at the county poor farm. This appropriation will not be included in the ordinance tomorrow, however, because the council decided it would be the best policy to await the outcome of the special election on the hospital question. If the people of the county approve the plan to build a hospital, the councilmen reasoned, one lighting system could be made to do the work of two at a much less expense.

Since the hospital, if it is ordered, will be built on the old Rush county fair grounds, which were bought by the county commissioners last September, the lighting system for the hospital can supply light for the poor farm buildings because they adjoin the proposed hospital site.

If the people vote favorably on the hospital proposition, it will not be long until construction can be started, with the progress which has already been made. It is the understanding that the state law provides the commissioners shall appoint four trustees, two of whom may be women, to be equally divided politically, who will supervise the construction and management of the hospital.

The commissioners appointed Will

McMillin, county auditor, and Donald Smith and Vern Norris election commissioners for the special election.

The grand jury for the November term of the circuit court made its report to the commissioners today on the condition of the county buildings. The report repeated, as reports in the past often have, that the county poor farm building is unsanitary and unfit place to house the county's poor, and that a new building should be erected.

"In our opinion a new building should be erected because this building is not worth remodeling in manner that would make it more habitable," stated the report.

The grand jury also declared that the superintendent was a capable and efficient man for the place and is doing the best possible under the existing conditions.

The grand jury also found that the county jail was in good condition and that the court house was in good shape and was being kept clean.

CONSERVATIVES CONTROL

**Coalition Must be Formed in German
Assembly, However**

(By United Press.)

Copenhagen, Jan. 22.—The conservative element will control the German national assembly if a coalition can be effected among the three parties constituting that faction, it was indicated by the last available returns from the election today.

While the majority socialists apparently will dominate any single party in the national assembly, they will be out-voted by the combination of conservative delegates. The only candidate who apparently will try to replace Chancellor Ebert is Matthias Erzberger, chairman of the German armistice commission.

ASSERTS CONFERENCE MUST USE FORESIGHT

**American Commission Says Good
Judgement Will Prevent Tidal
Wave of Restless Humanity.**

SOLDIERS ARE LAND HUNGRY

(By United Press.)

Paris, Jan. 22.—"A tidal wave of restless humanity will sweep across the world like the invasion of Huns and Goths in the Middle Ages unless the peace congress will use foresight in handling the vital problems of emigration and economic, industrial and social life. Calamity can be avoided only by satisfying the people's land hunger and elevate their social status." This was the view expressed by the American commission which has been investigating conditions in European countries.

"The world is restless," stated Frederic C. Howe, commissioner of immigration for the port of New York. He just returned to Paris from southern Germany where he accompanied a French mission. The views of his associates who visited other parts of Europe, coincided with his.

"The soldiers of Great Britain, France, Italy, Scandinavia, Germany, Austria and the Balkans are thinking in terms of land," said Howe. "A way must be found to satisfy this land hunger and because the people are impoverished and their necessity urgent, it must be land of immediate production, not land requiring a generation to develop."

NO REPLY FROM THE BRITISH

Sinn Fein Challenge of Irish Independence is Not Answered

(By United Press.)

Dublin, Jan. 22.—The British government today had not answered the Sinn Fein challenge of Irish independence issued at yesterday's meeting of the "Irish parliament." A workmen situation presented by imperial authorities continued silent regarding an act that in the eyes of British law constituted a much flagrant form of sedition.

Ireland stood before the world today as a republic on paper. It only elected representatives and exercised its right of self determination to the fullest extent. It had every selected delegate to represent it at the peace congress as a separate entity.

NEW RATES EFFECTIVE ON INTERSTATE CALLS

**Old Phone Charges Still in Effect in
Intrastate Business, However,
Message Says.**

INSTRUCTIONS ARE RECEIVED

George Davis, manager of the Rushville Co-operative Telephone company, is in receipt of instructions from the government telephone and telegraph administration not to attempt to enforce the new toll rates which became effective Tuesday morning, on account of the injunction issued by Federal Judge Anderson, but that the new charges are effective on all interstate calls.

Yesterday a telegram informed him that the new schedule should not become effective and today a supplementary message was received, calling attention to the fact that the new rates should be charged on interstate calls. He was also asked to notify all phone companies in the country, in the following telegram.

Relative to the question as to the effect of the injunction on interstate rates, Postmaster general instructs the order 2,495 is to be put into effect immediately insofar as interstate rates are concerned, but suspended in compliance with the court order as intrastate rates are concerned. Advise every independent telephone company in your county of this action by phone. Write to me giving name and mailing address of each company notified.

HEADS OF FRATERNAL ORDERS ARE INVITED

**Are Given Personal Invitation to
Attend Community Meeting Sunday
Afternoon.**

CAPT. C. K. MORSE TO SPEAK

The heads of all fraternal orders in the city have been invited to attend the community meeting next Sunday afternoon at two-thirty o'clock at the Main Street Christian church, in the interest of the Armenian and Syrian relief campaign. The invitation has been extended personally by the Rev. L. E. Brown, Rushville township chairman, to representatives of all fraternal bodies, and they will notify him whether or not they will attend in a body. If they elect to attend the service this way, a section in the church will be reserved for them.

The address will be delivered by Captain C. K. Morse, who saw more than two years of active service overseas with the Canadians. He has made a special study of the problems of the Near East and comes recommended as an authority on the subject. He is experienced as a lecturer and gifted as a speaker, so that a very entertaining and instructive address is expected.

DANCE IS CLIMAX TO SPLENDID DAY

**More People Than Could be Accommodated Jam Their Way Into The
Court House**

MANY ARE UNABLE TO GET IN

**Soldiers Are Welcomed Back Home
And Responses Are Made at
Afternoon Meeting**

The military dance in the court house last night served as a fitting climax to the splendid day which the people of Rush county arranged for the entertainment of returned soldiers, sailors and marines.

The popularity of the dance was demonstrated by the immense crowd which jammed its way into the court house. The masses of people who crowded their way on to every one of the three floors of the court house early in the evening, made it next to impossible to dance. And there were hundreds who could not get inside the court house.

Later in the evening as the spectators gradually left, the dancers enjoyed the excellent music which was provided by two orchestras. The orchestra from the 139th Field Artillery, which played on the first floor, proved the most popular. A soloist with the orchestra, as well as the orchestra itself, was frequently encored.

The offices of the court house were thrown open and everything was done for the convenience of the guests. Gallons upon gallons of punch were served on each floor from a seemingly inexhaustible supply. The decorations added to the gaiety of the occasion. Every corridor of the court house was beautifully adorned with flags and bunting, baskets of flowers and with scores of potted plants.

It was estimated that approximately three hundred couples enjoyed the dancing, and they were far outnumbered by the spectators, which gives some idea of the large crowd.

Close to two hundred soldiers accepted the invitation to return to the Social club last night for supper, and even then the food which was contributed for dinner was not all eaten. There seemed to be an endless amount of things to eat.

The program opened at the church yesterday afternoon with the Indianapolis News Newsboys band playing several patriotic selections and the audience joining when "America" was played. A. L. Gary acted as chairman, telling the boys how glad the people were to welcome them back and that they were welcomed back with more pleasure than they were sent away. Mr. Gary introduced Judge W. L. Sparks and who said: "Boys I feel embarrassed to speak to a group of men such as you are, for, the average everyday person when talking to a soldier feels like a thirty cent piece with a hole punched in it."

In his talk he stated that ninety-eight percent of the people at home

600 Plates Are Served
At Social Club by Women
One hundred children from the Havens school building enjoyed a sumptuous meal at noon today off food which was left over from the donations made for the soldiers dinner yesterday. The women in charge had so much remaining after feeding the soldiers for both dinner and supper yesterday, that they did not know what to do with it. The result was that the children were invited to the Social club today for dinner. It was conservatively estimated that 600 plates were served in the three meals.

HOUSE OPPOSES DRY AMENDMENT

**Go on Record Against Measure
Which Would Make Prohibition
Law More Drastic**

TWO EQUAL SUFFRAGE BILLS

**Both Would Amend Constitution
And One Provides Literacy
Test For All Voters**

(By United Press.)

Indianapolis, Ind., Jan. 22.—The lower house of legislature today went on record against the amendment to the prohibition law to make the measure more drastic when it refused to accept the report of the committee on public morals, recommending passage of the Wright bill.

After a short fight the house voted 43 to 41 to send the bill back to the committee. The measure may now be amended or another bill substituted.

The amendment to the bill providing for appointment of the attorney general was introduced in the house by Representative Phelps.

A sharp fight started when senate committee on rules recommended the Beardsley resolution providing for printing of all bills introduced, be rejected. The report of the committee was finally adopted.

Senator Van Aken introduced a constitutional amendment providing for a literacy test of a qualification for voters and also providing that every voter must present his poll tax receipt. The literacy test provides that no person shall be allowed to vote unless they can read English. Van Aken's proposed amendment also gives women equal right of voting.

Senator Beardsley introduced a constitutional amendment providing for equal suffrage for women. Senator Maier introduced a resolution providing for a commission to make a survey of swamps with the view of reclaiming them.

WAR COUNCIL TO SEND A MISSION TO POLAND

**That Limited Number of Russian
Delegates Will Attend Conference Seems Certain**

IS STILL UNDER DISCUSSION

(By United Press.)

Paris, Jan. 22.—The supreme war council has decided to send a mission to Poland representing the United States, Great Britain, France and Italy, it was announced today. President Wilson's proposal for settlement of Russian problems will be discussed this afternoon.

That a limited number of representatives of the Russian-Soviet government will attend peace congress seems certain today. It was learned that an agreement had been formed by the supreme war council in this regard. The British delegates said to have taken this lead were impressed by this solution of the difficulty and the importance of the Russian question.

HOUSE WILL NOT WITHDRAW

Paris, Jan. 22.—A report that William Howard Taft or Elihu Root would succeed President Wilson or Col. House on American peace delegation, is absolutely without foundation, declared by those close to the president today.

House has no intentions of withdrawing. His health is much improved. Despite the fact that he spends most of his time within his room, he is in daily conference with various delegates.

RECEPTION FOR SOLDIERS TONIGHT

Event Arranged For United Presbyterian Church Tonight Following Services

REV. J. S. HILL SPEAKS AGAIN

**Says Some Are Deluded Into Belief
They Are Christians Because
They Belong to Church**

A reception to returned soldiers whose names are on the honor roll of the First United Presbyterian church, will be held in the church tonight immediately following the evangelistic service which begins at 7:30 o'clock. Not only the boys who have returned, together with their families, but likewise the families and friends of those who are still in the service, are invited to attend.

There was a splendid interest in the evangelistic meeting again last night when the Rev. James S. Hill of Richmond, who is conducting the revival, took for the basis of his sermon Christ's question to Peter, "Lovest thou me?" The minister pointed out that it was asked three times and hence it was a question worthy of study.

"The question," said the Rev. Mr. Hill, implies that Jesus takes special pleasure in this people's profession of love for Him. It is a heart-gladdening truth that He who died for our sins takes great delight in our love. His happiness on His heavenly throne is not complete without it. The love of the pardoned sinner for his Saviour is such as no angel ever experienced. Christ comes now with His pierced hands and risen side, and asks Peter whether or not he loves Him. The question is an all-important one, for love is not a mere ornament, nor is it a special gift—it is the very life and soul of Christianity. Peter the most zealous and warm-hearted of the apostles, the one who drew his sword in the Master's defence, is singled out by Christ, and questioned publicly as to whether or not he loved Him. When Christ brings a sinner to His feet the first thing He asks him for is his heart, and the first thing He takes is his love. We sometimes delude ourselves that because our names are on the church roll and that we attend the church services, we are Christians. But it is not where our names are found, but where our affections are centered that determines whether or not we are Christians.

"The answer of Peter to this question was: 'Thou knowest all things, Thou knowest I love Thee.' This answer teaches us that we love Christ when we are sorry for our sins. Peter was grieved when Jesus said the third time, 'Lovest Thou Me?' The thrice-repeated question, it is believed, reminded Peter of his three-fold denial of Christ, and when he thought of that he was vexed.

"We love Christ when we want to be in His presence. Peter wrapped this fisher's coat about him and cast himself into the sea, and made his way with all possible speed to the shore to fall down at the feet of his Lord and Master. He left his boats and nets and everything to be in the presence of his Master.

"We say that we love Christ, yet we are often absent from His house, where His name is honored and praised. We allow trifles to keep us from meeting with Him. If we gave to our friends such loyalty as we give to Christ they would spurn us with contempt. We must remember that that will not pass as love with Christ which would not pass as friendship among men."

Washington, Jan. 22.—Henry Ford's famous peace expedition in the fall of 1915 was inspired by German pacifist interests, Archibald Stevenson today told the senate committee probing Hun propaganda.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.
If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?
Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

FORMER KING OFF LISBON

Advices Say he is Proclaimed Ruler of Portugal.

(By United Press.)

Madrid, Jan. 22.—Former King Manuel of Portugal has arrived off Lisbon aboard a ship of unknown nationality, according to unconfirmed reports received here today.

Premier Barbosa, who became head of the government following the assassination of the president, was reported to have been arrested. He was released after signing an agreement to adhere to the monarchy. Advices said that Manuel had been proclaimed king at Lisbon. A new cabinet had been formed and royal ministers had occupied official offices.

SHORT COUNCIL MEETING.

The city council dispensed with all but routine business last night, on account of the reception to soldiers, and adjourned in a very few minutes. The claims were allowed, which constituted most of the business of the meeting.

Energy

THE WORK OF THE KIDNEYS is to filter and cast out waste products and poisons from the blood stream. When the kidneys are overworked, weak or diseased, the waste matter remains in the system and causes pain in side or back, rheumatism, jaundice, stiffness of joints, sore muscles and other symptoms.

When a person's kidneys are out of order, there is lack of energy, force, vigor, zeal and general effectiveness. Kidneys and bladder must properly function for anyone to enjoy good health.

Foley Kidney Pills

are prompt action and tonic in their healing and soothing effect on weak, sore, overworked, diseased kidneys and bladder.

Mrs. Mary Henderson, Mt. Carmel, S. C., writes: "Before I used Foley Kidney Pills I was troubled with kidney trouble and my left side hurt me so I could hardly get up in the morning. Pain is all gone now and am feeling fine."

SENATOR WATSON ELATED OVER VOTE

Shall Gladly Vote to Make Nation Wide Prohibition Effective. he States.

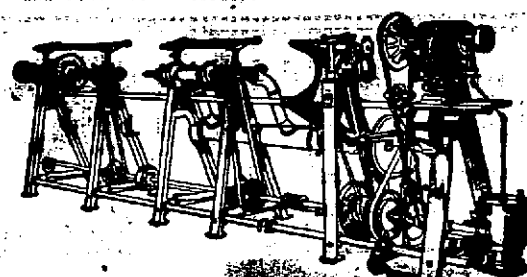

Washington, Jan. 22.—Senator James E. Watson expressed his satisfaction that the doom of the open saloon throughout the nation is assured. He looks on the adoption of national prohibition as a good thing for the country and the people. He will vote for any further legislation required to make national prohibition effective.

Opposition of the brewery and saloon contributed largely to Mr. Watson's defeat for Governor of Indiana in 1908. But less than ten years later, Mr. Watson, as a member of the United States Senate, was given the opportunity to vote for the abolition of the liquor business, which was ever trying to control the politics of the country, and he, together with Senator New, voted a year ago to submit the Federal amendment to the states. The states now have accepted that amendment.

"I shall gladly vote for the legislation necessary to make national prohibition effective," said Senator Watson. "The passing of the open saloon, a breeder of everything bad, is a good thing for the country. I am glad that the saloon is to go. The people through their legislatures, have spoken in a most decisive manner. That the required number of states had voted for prohibition before a single state is truly remarkable and gives emphasis to the bad-repute into which the saloon had fallen."

STATE GROCERS MEET.

Indianapolis, Ind., Jan. 22.—The Indiana retail grocers' association met here Tuesday. Dr. Harry E. NO! All Spreaders Are Not Alike

There is more difference between manure spreaders than there is between men. All men are more or less alike unless they have lost an arm or a leg. I do not claim the RUSHVILLE SPECIAL spreader is the only good spreader made (although I believe it), but I do claim that it is so much better than the best of any other make that you cannot afford to buy anything else.

How about that patented "BULL DOG" double beater wheel that you can't possibly clog or stick? Just think of this the next time you see a neighbor with a pitchfork loosening up a stubborn load in the field. How about that "NO CHOCK" Box that can't be clogged and never yet was stuck on any kind of material? You fellows who have been through this and had the experience with other machines, just tell your neighbors what you think.

Did you ever stop to think that there was a reason for using the expensive hitch that is put on the Litchfield Spreaders, so that your three horses walk squarely in front of the machine, and the pole is put where it is convenient for guiding it? If the old fashioned center pole was as good wouldn't it be very foolish for the Litchfield Mfg. Co., who manufacture this machine for me, to spend unnecessary money in building this modern hitch.

If I had time in this ad I could tell you many more interesting features about the RUSHVILLE SPECIAL Spreader. The next time you are in Rushville, call at my place of business and the machine will be thoroughly explained to you.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. DAILY HEALTH TALKS

The Best Way to Treat Constipation

BY S. C. BABCOCK, M. D.

The medical books name many drugs that will move the bowels. The drug store shelves are loaded down with laxatives, purgatives and pills. The trouble with most of them is the after-effects. Constipated people know that pills work at right for a little while, but they soon lose their effect, and a change has to be made to something else. The constant taking of pills results in a form of bowel inactivity that is difficult to cure. The system becomes so accustomed to laxative drug that the organs just won't work without them, and so the pill habit becomes as bad as constipation itself. Dr. Pierce, of Buffalo, N. Y., seems to me to have the right idea. He says the bowels should first be gently moved with Pierce's Pleasant Pellets, and in the meantime laxative foods only should be eaten. Figs, prunes, olive oil, spinach, bran, vegetables and fruits are fine for constipation. Chew every bite thoroughly, eat little meat, and be as active as possible. Now, doesn't that seem sensible? Pleasant Pellets will start the bowels working right; then it is up to you to keep them right by right eating. Try Pleasant Pellets for sick headache, coated tongue, biliousness, dizziness, torpid liver or to break up a cold. They are just fine!

Dr. Pierce's Anodyne Pile Ointment soothes, cools and heals piles in a most gratifying way. Perhaps there is no other remedy for this torturing trouble that relieves so surely and quickly. Dr. Pierce believes Anodyne Pile Ointment will overcome any case that can be overcome by medical treatment. Try it right now.

Dr. Pierce's Anuric Tablets are intended for people who suffer from kidney disorders—whose backs ache, and whose systems are overrun with uric acid. Nearly everybody has too much uric acid. Anuric Tablets dissolve uric acid quickly as they are made double strength.

In addition to Mrs. Taylor, she is survived by one other daughter, Mrs. Jacob Daubenspeck of White Bird, Idaho; three sons, Alexander C., of Cambridge City, and Andrew R. and James S., of Mays; and one sister, Mrs. E. P. Lynn of New London, Idaho.

Why Druggists Recommend Swamp Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican.—(Adv.)

A Great Day

The people of Rush county, separately and collectively, are to be congratulated for the splendid way in which they made returning soldiers welcome in Rushville yesterday. By word and deed they made

the boys, who were willing to sacrifice everything for their country, know that their deeds were not unappreciated and that they should not be allowed to go unrewarded.

With a unanimity of spirit seldom if ever demonstrated here, the people from all parts of the county worked tirelessly and harmoniously to make the day one which the soldiers will not soon forget. A splendid spirit was manifested in the preparations for the event and during the day when an endless amount of work was required to carry out the program. The welcome extended to the boys in Uncle Sam's uniform was as whole-hearted as it could possibly be—no more than which could any man ask.

Too much credit can not be given to the scores of women of Rush county, representing the Red Cross and War Mothers, who prepared the sumptuous repast which was served for the noon and evening meal. It did not seem possible that there was so much food in Rush county. It literally came in from all directions. Women who were not solicited by the committee donated their share, with the result that there was much more than could be eaten at two meals.

It was a great day in Rush coun-

No Need of Unemployment

If the country suffers this year from unemployment and resulting dull times, it will be the country's fault. There is no need of unemployment and dull times.

Not to mention all the efforts that are being made, or that might be made, to employ soldiers and war workers in normal industries, there is one field which can absorb all the unemployed labor likely to be available this year. It is the American farm.

Farms always need workers. They are going to need more workers than ever from now on. The winter wheat sown last fall is estimated at 16 per cent more than the previous year. The outlook is for a bigger wheat crop than ever. It takes three or four men to reap what one man has planted.

Other crops will correspond in magnitude, if the farmers can get the man-power, for they realize the world-wide need of food and will do their best to meet the call as they have tried to meet it during the war period.

There is plenty of soil. There is plenty of seed. There is probably enough fertilizer. There is enough machinery. The thing needed is men. All who can possibly be provided for farm work can be used to advantage, and all the food they produce can find a market.

It is up to the federal, state and city governments to do more than ever before to bring the man and the land together, and it is up to all other possible agencies, public or private, to co-operate in the work. If it is well done, the adversity feared will be turned into abundant prosperity.

The greatest bore to a deceitful woman is the man who can look a hole through her.

The etiquette books inform us that a young man making an evening call upon a young woman should terminate the call at half past ten. Why is it that some men (even unusually bright ones) should find it so exceedingly difficult to memorize this social regulation?

The man who swore off smoking on New Year's has by this time extricated his dear old pipe from the scrap heap to which in the first fine frenzy of resolution he consigned it.

Any of the returning officers will be received with delight except General Unemployment. We trust he will be assigned to visit Germany with the Army of Occupation.

Everything has its compensations. The kaiser's ear trouble will perhaps prevent his hearing the news from Germany.

BILL TAKEN UP**

Goodrich Vetoes Measure. In 1917 Because It Did Not Prohibit Opening Before 2 P. M. Sunday

PREVIOUSLY-REPORTED DID

Senator McCray Explained That When Bill Left Conference It Did Include Provision

(By United Press.)

Indianapolis, Ind., Jan. 22.—The bill which would legalize Sunday moving picture shows, which was vetoed by Gov. Goodrich at the close of the 1917 session of the legislature, was taken up by the senate this afternoon as a special order of business.

In his explanation of the cause for vetoing the measure, Gov. Goodrich stated that when the bill was sent out of the conference committee of the house and senate, it was his understanding that it contained a provision which prohibited the holding of Sunday moving picture shows before two o'clock in the afternoon, but when he received the bill, it did not include this restrictive feature and therefore he vetoed the measure.

Senator Franklin McCray of Indianapolis who was a member of the conference committee which had the bill in charge two years ago, explained to the members of the senate that when the bill left the conference committee it did include a provision for censorship of films to be exhibited in Indiana, on Sunday and that it also prohibited the opening of theatres before 2 p. m., as set forth by the governor in his letter of transmittal.

Lieut. Gov. Bush stated for the information of the members of the senate that although the senate could not amend the bill which was vetoed by the governor, it could either pass the bill over his veto or reject the bill and later act on a similar measure which would carry the provision demanded by the executive.

Strong influence is being brought to bear on the legislators by church organizations to refuse to permit Sunday movies and it will result in one of the fights of the session, according to indications.

PLANS MILITARY SERVICE

Christian Sunday School to Honor Soldiers Sunday Morning

A special military men's service will occupy the hour at the Main Street Christian Bible school next Sunday morning beginning at 9:15. At this service all the returned soldiers, sailors, marines, and all men in any way connected with the late conflict, will be the guests of the school. All those men, who are identified with some other school, are cordially invited and urged to be present and enjoy the splendid program prepared for their benefit. The general public is asked to join in this, another welcome to the returning boys, and do them the honor that they so rightly deserve. The workers are exerting every effort to make this an inspiring service to all. At the morning preaching hour, the pastor's subject will be, "The Flag We Lost."

TO SPLENDID DAY

Continued from Page One

did their duty, and that the American people didn't have any use for the other two percent who didn't.

"Boys this is a happy day for all the people of Rush county," he continued. "We can't tell you how welcome you really are for words cannot express it. We were heart broken a year ago when you boys left us to go to the training camp. We felt that some, perhaps many of you, could not come back to us and now that you have played your part and are back, our hearts overflow with thankfulness. Last year was an awful year for Rush county. Hearts were broken when the boys left and not only the hearts of the immediate family but the hearts of all of us were touched as we saw some mother or some father walk up

and read the telegrams and see a big tear steal down their cheeks. They had a boy over there and we who didn't have a boy to give felt as if that was our boy as much as it was theirs.

"We were glad to do without necessities that you boys might be fed and we saved all we could. Rush county has a few things to be proud of. She raised \$62,000 for the Red Cross and \$44,000 for the various organizations. It was our duty. We did not give it as charity but each felt it his duty and gave all he could. We did all of this gladly and boys, we were just ready and willing to do this forever if it would help you boys come back.

"The women of this county have done wonders, working every day to supply you boys through the Red Cross with necessities. You boys belong to us and we belong to you, this is your town, your county make yourself at home."

Judge Sparks also spoke in honor of the boys who had "gone west" and said that we should not forget them although they could not return to us.

Chairman A. L. Gary then praised the boys for being from Indiana, and Mrs. Lucia Beher sang "Indiana," the boys joining in on the chorus.

The Rev. M. W. Lyons gave a short talk, recalling a year ago last August and comparing the people's feeling now with those of that time. He spoke of the mothers when bidding their boys goodbye, fearing that he would come back maimed and injured physically but down deep in their heart they feared most the boy's moral welfare. Now since the boy has come back so much stronger in every way," he said, "we cannot help but praise the various organizations for their work in keeping up the morale of the forces. In closing, he said, "Boys we are glad to have you back and may God have you in His keeping."

E. B. Thomas said: "I am happy to have the privilege of representing the good women of this county as Red Cross workers. They have done all that was in their power to make your stay as enjoyable as possible. They had the same qualities as you boys. They were willing to give their all and did give their all, in the way of service. They did it in the way of duty and they deserve all the praise that can be given them."

Chairman Gary then encouraged community singing and entertained hopes of having it continued.

Adjutant General Harry B. Smith gave a short talk, saying, "I feel well repaid today just to see the glad hand of welcome extended to you boys, and boys I hope you feel that you have come back to the best county in the best state, the best state in the United States, and the United States is the best place in the whole world."

B. F. Miller then sang "Keep the

Home Fires Burning," the boys joining in on the last chorus.

A response from the boys was asked for and Thomas Saunders, a marine of this city, told a few of his many experiences, which was enjoyed by all. Captain Lowell Green thanked the ladies for the fine dinner served to them and also all who had had any part in the reception. Sergeant Mike McCoy thanked all for the royal welcome and recalled a year ago when the boys entrained saying that there were about 4,000 women at the train to see the boys leave and recalled what a time he had trying to get the boys started.

The boys then sang "Over There" and L. E. Brown gave a talk appealing to the citizens of Rush county to help in the future Syrian relief campaign. The song "The Battle Hymn of the Republic" was sung and the benediction was given by the Rev. Daniel Ryan, of Carthage, formerly a chaplain in the Civil war.

HOG PRICE CONTINUED.

Washington, Jan. 21.—The hog price agreement policy of the food administration will be continued despite the attempt to lower the present scale of \$17.50 in the face of the present surplus, F. S. Snyder, head of the meat division, announced today.

It is estimated that there are between 40,000 and 50,000 children in Pennsylvania made orphans by the influenza epidemic.

CARTHAGE WILL HOLD RATIFICATION RALLY

Will Celebrate Amending of Constitution Which Will Make United States Dry in 1920 4

TO BE AT FRIENDS CHURCH

Sunday at 2:45 p. m. Carthage and community will gather in the Friends church for a rousing ratification rally for the ratification of the national amendment for National Prohibition, which is now assured by perhaps January 16, 1920. Frank E. Wright, representative of Randolph county, author of the state wide prohibition bill in the house two years ago, and Dr. E. S. Shumaker, superintendent of Indiana Anti-saloon League, will be the speakers for the occasion.

As it is now a foregone conclusion that the United States will be dry by national amendment in 1920, the Church Federation of Carthage takes this opportunity of giving Carthage a chance to give a community expression of thankfulness to the cause to which it has been a faithful unit so long. With the strong speakers for the occasion, and a special program of music, a rousing rally is anticipated.

The Red Cross is providing the hospital ships with pillow cases, sheets, surgical dressings, medicines and comforts of all sorts.

WEAKNESS REMAINS LONG AFTER

Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kola, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: **Lecithini Calcium Glycerophosphas, Iron, Gentianae, Manganese Peptonate, Ext. Nar. Vomica, Powdered Gentian, Phenolphthalein, Olanasin, Capsicum, Kola.**

Year after year an overwhelming majority of motorists have chosen the full-tonneau passenger car for its many practical features. It is the selection of most homes where automobiles are used. It affords the amount of room required by a large majority of families, and in its main characteristics measures to the popular idea of a car for constant service.

The high-speed overhead-valve Oakland Sensible Six engine delivers 44 full horsepower at 2600 r. p. m., or one horsepower to every 48 pounds of car weight in the Touring model. Oakland owners regularly report gasoline returns of from 18 to 25 miles per gallon and from 8000 to 12,000 miles on tires.

"The Burden of Proof." Marion Davies' second select picture, in which she is directed by Julius Stenger, will be shown at the Princess theatre tonight for the first time in this city. The story has to do with the plotting of a secret service employee, whose work for a moment threatens to disrupt the love of a newly married couple. Marion Davies is the young married girl and her husband is Robert Ames, whose uncle is a member of the United States cabinet.

Miss Davies plays the part of Elaine Brooks, who, with her mother is prominent in Newport society circles. Before Elaine becomes Ames' wife, a Mrs. Durand, the German secret service agent, tries to gain Ames' love for herself. Charles Kemp, the publisher of a society journal in Washington, who is also a member of the German secret service, has information that Ames is about to be sent abroad with important papers. He enlists Mrs. Durand in the attempt to secure them, and as her first step in the matter, Mrs. Durand has Kemp pay Elaine's mother liberally for society news for Kemp's paper. Matters get badly mixed but finally they are straightened out and the story ends with a happy honeymoon for the newlyweds.

Thursday and Friday Douglas Fairbanks will be shown in "He Comes Up Smiling."

Tonight at the Mystic Virginia Hammond and Ernest Maupain will be seen in "The Discard." Thursday Fritzi Brunette will be here in "The Velvet Hand" and Friday a Universal special will be shown featuring Harry Carey in "Three Mounted Men."

Virginia Hammond, who plays the feminine lead in Essanay's five-act drama, "The Discard," likes dancing. She frequently attends social functions in Chicago given by the many friends she made there while on the stage as leading woman for E. H. Sothern. In her new photoplay Miss Hammond is seen with Ernest Maupain and Harry Beaumont. She has the part of the woman accomplice of an international swindler who finds one of her victims to be the husband of her daughter. Beaumont and Maupain are exceptionally well cast in their parts.

UNCLE SAM AS LAUNDERER

More Than 12,310,000 Pieces, Without Loss.

Washington, Jan. 22.—Uncle Sam is shown as the biggest laundry man in the world in a report just issued by the War Department. In November he laundered more than 12,310,000 pieces of clothing, with receipts and credits for the work totaling \$584,448.30.

The total operation expense, including the military pay roll and the cost of soap, was \$323,161.04, leaving a profit of \$261,287.36. The best part of the showing, however, was the fact that the Secretary of War Baker, who is in final charge of the laundering operations, didn't receive a single claim for lost shirts or damaged collars.

ior of the court house will come as welcome news to county officers and others who have regretted to see the interior of the court house fall into bad repair. Leaks in the roof of the court house, before the new roof was put on, disfigured many of the offices and other rooms, especially the court room. No money has been spent for interior decoration since the court house was built with the exception of the work which was done on two rooms last year to make them habitable for Red Cross workers.
